AVOIDED ROYALTY.

Premier Mercier's Snub to the Duke of Connaught.

The Affair Agitating Official and Social Circles at Montreal.

Sensational Developments Expected at the Trial of the Marquis de Mores—An Important Cause Issued by the Court—Trial of Italian Brigands—A New French Cardinal—The Court Martial of Lieut. Irtubide in Mexico—Vienna Bakers Threaten to Strike—Foreign News.

By Telegram to the Post-Dispatch.
MONTREAL, June 4.—The talk at the club and in society circles Monday night was the snub, evidently premeditatedly administered by Premier Mercier to the Duke and Duchess of Connaught. Since the advent of the royal party here he has studiously avoided them. He was one of the guests invited to meet them at dinner on Monday evening at Sir George Stephen's, but preferred to preside at the distribution of prizes to the scholars of the night schools and was again absent Tuesday, although specially invited to the excursion down the Lachine rapids. Mercier's radical friends are delighted and say his attitude is perfectly consistent with his democratic and republican ideas, but society, especially among the English element, is highly incensed and indignant that the soldier son of the Queen and his Princess should have been slighted. Sir George Stephens does not care to speak of the incident. He admits that Mercier was not at the dinner on Monday evening, but believes that he sent an apology, though he had not seen it. Mercier himself is, besides, engaged elsewhere on Tuesday night, and his version of the affair cannot be gotten at just now. Hon. Henry Stannard, Speaker of the Legislative Council and political supporter of Mercier, who was at the dinner, is expected to account for the Premier's studied neglect of royalty.

TWO MURDERERS TO HANG.
OTTAWA, Ontario, June 4.—The Governor-General, in council, has declined to extend clemency in the case of Davis, the murderer of Emery, and the prisoner will be hanged at Belleville on June 20. Henry Smith will be hanged at London, Ontario, on June 15, for the murder of his wife.

A STEAM RAGE HURNED.
AMHERSTBURG, Ontario, June 4.—The steam barge W. C. Wetmore, owned by J. H. Palmer of Cleveland, with Capt. Charles J. Wallace in command, bound up from Cleveland to Chicago, collided, burned to the water's edge one and one-half miles from the Dumly Light in Lake Erie last night. The crew probably escaped. Capt. Chambers of the schooner Brunette, which was in tow, is here and reports that about ten steamers were playing on the burning boat.

Three Notable Weddings.
LONDON, June 4.—Count Alexander von Munster, son of Count von Munster, for a number of years German minister to England, was married yesterday to Lady Muriel Hay, daughter of Earl Kinloch.
Ballard Smith of New York was married to Miss Catherine Butterfield of New York at Savoy Chapel. The bride was given away by United States Minister Robert T. Lincoln.
The marriage between Lionel Rockville West and Miss Victoria Rockville West, eldest daughter of Lord Rockville, will take place at Knoll Seven Oaks, in Kent, the residence of the bride's father, on June 17.

Italy.
ROME, June 4.—At Romagna yesterday the trial of thirty-three brigands began. The charges against the prisoners relate that every one of them is guilty of murder and robbery in a number of instances, covering a period of two years, and the evidence in support of the accusations is of the most conclusive character. The wealthy merchant who was captured by Sicilian brigands near Palermo a few days ago has been released by his captors, his friends having paid the heavy ransom demanded for him.

HERN KRUPP HONORED.
Kling Humbert has conferred upon Herr Krupp, the German gun manufacturer, the appointment of Commander of the Crown of Italy.
France.
PARIS, June 4.—The French capital is looking forward to a sensation in the trial of the Marquis de Mores. From intimations which have leaked out of the channels of information, it is expected that the remarkable history of the Marquis will be retold with new and startling revelations as to his connection with anarchism and other revolutionary conspiracies. Ever since the arrest of the Marquis de Mores the prosecuting authorities have been assiduous in their efforts to obtain evidence against him, and it is claimed that their endeavors have been successful beyond expectation.

THE NEW FRENCH CARDINAL.
The French Bishop of La Rochelle having declined the offer of elevation to the College of Cardinals, it is stated that in all probability the Bishop of Dijon will receive the hat to be awarded to a French prelate at the consistory.

Austria-Hungary.
VIENNA, June 4.—The journeyman bakers of this city have served notice upon their employers that unless the price of bread is increased by next Monday they will organize a general strike. The bakers claim that the low price of bread is used by the masters as a reason for continuing the present scale of wages.

THE BUDGET ESTIMATES.
BUDA-PEST, June 4.—The budget estimates for the common affairs of the monarchy for 1891 were submitted to the delegations to-day. The ordinary expenditures are estimated at 116,228,548 florins and the extraordinary expenditures at 16,402,339 florins, including the extraordinary expenses on account of the army and extraordinary expenditures of 132,905,067 florins against 132,224,339 florins estimated for 1890.

Germany.
BERLIN, June 4.—Herr Von Lettow, President of the Reichstag, has been raised to the dignity of membership in the Imperial Herrenhaus. This honor is conferred upon Herr Von Lettow at the instance of the Emperor in recognition of his high abilities and his popularity with the members of the Imperial representative body.

Russia.
ST. PETERSBURG, June 4.—The Czar has issued a decree ordering the abandonment of the Russian anti-Hebrew policy for one year. This measure is understood to have been taken in deference to the numerous protests against

the recent wholesale expulsions of Hebrew merchants, lawyers and other prominent Hebrews, which have taken place in Russian Poland, Southern Russia and other parts of the empire, and is merely tentative. The fact that many of the officials nearest the Czar were opposed to the harsh anti-Hebrew measures adopted by the Government, and the protests of the victims of the law with the result of its temporary suspension.

The Irtubide Case.
MEXICO, June 4.—The venire has been placed in the hands of the proper authorities for the military men who act as jurors in the court-martial of Lieut. Augustin de Irtubide for the publication of a letter in the *Tempo* newspaper, criticizing the acts of the President of the Republic, who, as in the United States, is commander-in-chief of the army and navy. The work of summoning the officers who will act as jurors will be started tomorrow and it is stated that the trial will take place some time during the coming week. The military prosecuting attorney has completed the labors of the preliminary examination into the case, which is stated to be the first of the kind that ever came up in the Republic, but which is provided for by the military code in an article which makes the penalty for censuring the acts of a superior officer from one to twelve months' imprisonment. Irtubide will be defended at the court martial, which will probably be convened at the Santiago de Tlalco military prison, by Augustin Arceaga, one of the best criminal lawyers in Mexico. The opinion of many military men is that Irtubide will be found guilty of censuring his superior officer and will be sentenced but will receive executive clemency, the President pardoning him as an early day. They look upon Irtubide's letter as a piece of indiscretion, which was partially justified by his position at home, but was a matter of insubordination which could not pass by without his arrest and the subsequent results, as it would furnish a bad precedent for military men to act upon in the future. The trial, owing to the high social standing of Irtubide and the fact of his being the grandson of the first Emperor of Mexico, will be the most interesting court-martial since that of Maximilian (of whom the prisoner is the adopted heir), Melia and Miramon at Queretaro, and the result will be watched with interest in France, Belgium, England and the United States where Irtubide received his education. Mrs. Irtubide, the mother of the Lieutenant, who was born in Washington, daily desires that she be implicated or assistance on behalf of her son from any foreign Ministers located here. She says her residence in Mexico covers thirty-four years; her son is a Mexican and it is too absurd to assert that she has taken such steps when he, as all must know from the fact of his occupying a position in the army, beyond the military laws. While Mrs. Irtubide feels badly over her son's incarceration she believes that he will soon be liberated.

GOVERNMENT LOANS.
It is reported that the house of Belgiman & Co. has offered the Government \$500,000 for the loan to bear interest at 4 1/2 per cent. Cassel & Bleichroeder are in the field, and it is reported that the Government is in a position to get favorable terms.

THE DRAINAGE WORKS.
Rumors that the drainage works in the valley were not going on were erroneous, for there is entire harmony between the contractors and the Drainage Board.

THE TELEPHONE CONTRACTS.
The contracts of the Mexican Telephone Co. with the federal and municipal governments have been extended for a year, and the European companies of French and German origin to enter the field in opposition to the renewal of the concessions to the American company, and the Bostonians will have to make a good fight to retain their privileges, without which their business is of no value whatever.

DAIRY WILL NOT KEEP IN THIS HOT WEATHER.
Highland Evaporated Cream.

THE CYCLOPE AT BRADSHAW.
A Child Killed and Nearly All the Houses in the Village Demolished.

OMAHA, Neb., June 4.—Information reached here last night that a cyclone had struck the little town of Bradshaw and completely destroyed it. There were five persons killed and a number badly injured. The place has about 300 inhabitants.

Only One Person Killed.
LINCOLN, Neb., June 4.—But little can be learned of the windstorm at Bradshaw last night as the telephone wires are still down and communication will not be restored until 2 or 3 o'clock this afternoon. From a passenger on an incoming train it is learned that but one person was killed. This child's house only are left standing in the village.

Reports Not Confirmed.
CHICAGO, Ill., June 4, 10 a. m.—Up to this hour no confirmation of the reported destruction of Bradshaw, Neb., by a cyclone last night can be obtained, and it is thought that the rumors current last night are exaggerated.

Two Fatal Accidents.
LEADVILLE, Colo., June 4.—Scarcely had the city recovered from the shock of accident at Arkansas Junction, by which two young ladies were drowned, when news was received last night that Engineer Folk while repairing the pump in the galliard shaft of the Mink and Col. mines fell 200 feet to the bottom and was crushed into a horrible mass. No sooner had the news been received than the city was in a state of commotion. The body was called to go to Antioch mine where Thomas Flanagan had been killed by a stone from a premature explosion and James O'Donnell badly injured. The latter's recovery is doubtful.

Caused by a Washout.
DUBUQUE, Mo., June 4.—A "diagonal" freight train was washed out ten miles east of Dubuque. The train was killed and the brakeman fatally injured. The track was covered with water and the train traveled over the road for thirty miles in water. At the point where the diagonal and Illinois Central cross, the ties and rails were washed out and the freight train was dished.

Killed by a Locomotive.
PHILADELPHIA, Pa., June 4.—A man supposed, from papers found on his person, to be Charles McSwiggan, a Pittsburgh glass-blower, was struck and instantly killed last night by a locomotive on the outskirts of the city.

USED A KNIFE.
How Two South Side Lads Settled a Boyish Rivalry.

Porter Stone and Fred Kramer, two 14-year-old boys, fought at the corner of Hickory street and Armstrong avenue shortly before 8 o'clock last night, during which Stone cut his opponent in the left thigh, inflicting a slight wound. Kramer was taken to his home, 1214 Missouri avenue. Stone lives with his mother at St. Bento place. There were no arrests made in the case, as young Kramer's parents refused to prosecute Stone.

PENSIONERS MUST WAIT.

THE LARGE ALLOWANCES BY THE BUREAU EXHAUSTING THE FUNDS.

The Large Number of New and Increased Allowances During Gen. Baum's Term, and the Cause of the Delay in the Payment of the Same.

WASHINGTON, D. C., June 4.—It is stated at the Pension Office that the deficiency of the amount of funds in the hands of the different pension agents, which has resulted in the postponement by the agent at Indianapolis of the payment of the pensions, will be completed by the payment of the pensions, has been caused by the unusually large number of allowances made by the pension office under the present administration, and particularly since Gen. Baum's term began. The great amount of allowances has been largely in original cases, and there have been issued during the last fiscal year, and the office has yet a month's work before the end of the present fiscal year. Another drain upon the appropriation, it is said, was the act of March 1, 1889, which increased to \$72 per month all pensions for total disability requiring the aid and attendance of another person. The number of these cases is large, and involves the expenditure of a large amount of money. The pension office record for the fiscal year, it is stated, will be far ahead of that for any single fiscal year for many years. The pension agents will not be completed until all about June 1, 1891, and those who have not been paid by that time will wait only a few days until the appropriation for the next fiscal year becomes available on July 1.

Match for Speaker.
By Telegram to the Post-Dispatch.

WASHINGTON, D. C., June 4.—The Democrats are beginning to express themselves freely regarding the campaign and are confident that great Republican reverses will follow as a result of the McKinley bill. They are even talking about a man for Speaker, Mr. James B. Connelley of New York, who is now a Senator in the outgoing Congress. Carleton is now a Senator in the outgoing Congress, as a parliamentary upon whom Speaker Carlisle always relied when he wanted a reliable man. Mr. Hatch wants it and his friends are already engaged in the campaign to elect him. He has not yet made any attempt, but those who are his opponents are working to remove him. To them he has evidently said "No." Byrum, they say, would not do as he has not the power to resist a Hatch of Missouri, as a parliamentary upon whom Speaker Carlisle always relied when he wanted a reliable man. Protesting Importers.
WASHINGTON, D. C., June 4.—A delegation of about one hundred importers from New York City appeared to-day before the Senate Committee on Finance to protest against the passage of the McKinley tariff bill.

Nominated by the President.
WASHINGTON, D. C., June 4.—The President to-day sent to the Senate the following nominations:
By HENRY BYRNS, Surveyor-General of California.
By NERHAM DAVIS, Receiver of Public Money at Fargo, N. D.
By ROBERTS OF LAND OFFICES—Charles Haggard, at Maryland, Cal.; Waldo M. Potter, Fargo, N. D.

The American Squadron.
WASHINGTON, D. C., June 4.—In order to correct certain misapprehensions in regard to the matter Secretary Tracy desires to have it known that the order transferring the squadron of evolution from Europe to Brazil emanated directly from the President, and that the squadron is now on its way to Brazil, while acting as Secretary of the Navy.

The House.
WASHINGTON, D. C., June 4.—Mr. Osborn of Pennsylvania presented the conference report on the army appropriation bill.

SPACE IN THE COLUMNS.
Applications for Exhibition Room in the Big Exposition Hall.

Mr. Frank Gallenpie, the manager of the Exposition, announced that on the 11th of the present month the management will commence to assign space for the coming fall exhibition. The applications for space have been more numerous this year than ever before, and it is expected that the management will be able to assign space to all applicants. It is the desire to have everything in readiness when the building is opened next week, and the management is anxious to have all the space filled with exhibits. It is the desire to have everything in readiness when the building is opened next week, and the management is anxious to have all the space filled with exhibits.

A Fatal Fall.
A telegraph operator named Vine either fell or threw himself out of the window of his room on the fourth floor of the new Everett House, 325 Olive street, late last night. On Monday he was arrested on suspicion of being connected with the robbery of the Everett House, and on being released he was charged with the robbery of the Everett House, and on being released he was charged with the robbery of the Everett House.

The Cross Murder Case.
PARIS, Tex., June 4.—Hon. J. E. McCouch, counsel for the Government in the Cross murder case, to be tried next week, has ordered a venire of sixty men from Fannin and Red River counties to serve as jury, every one of Paris having an opinion or knowing something of the case, which disqualifies them.

Ladies at the Glass Works.
Mr. A. L. Rowe, General Manager of the Mississippi Glass works, entertained a large delegation of ladies to-day from the Fair Institute. The ladies were shown all the workings of the big glass factory, and expressed great interest in the proceedings and details.

On the Mercy of the Court.
J. C. Holmes, ex-Postmaster at St. Charles, Mo., was arraigned to-day in the United States District Court on a charge of defaming a letter and then sending it to the wrong place. The letter contained the bond of his neighbor, W. F. Bloebaum. Holmes pleaded guilty and Judge Taylor sentenced him to six months' imprisonment, but he was considerably under his influence. He fell to the sidewalk and was instantly killed. Vine was 22 years old, and single.

The Federal Grand-Jury.
The Federal Grand-jury, which had adjourned until to-day, reported to the District Court this morning and resumed its session. District Attorney Reynolds says that there is nothing for the Grand-jury to do but to sit and work and they will probably finish that in two days.

Judge Phillips in Town.
Judge Phillips of Kansas City, Judge of the United States District Court for the Western District of Missouri, is in the city to-day and occupied a seat on the bench with Judge Taylor in the District Court this morning.

THE ROCK ISLAND.

Annual Meeting of the Stockholders and Election of Directors.

CHICAGO, Ill., June 4.—The annual meeting of the stockholders of the Chicago, Rock Island & Pacific Railroad was held in this city to-day. Of the entire capital stock (461,500 shares) 342,903 shares were represented in person or by proxy. The following named directors were elected: H. H. Porter, Marshall Field, John De Koven of Chicago, and David Dowd, Jr. of New York; the first three to succeed themselves, and David Dowd, Jr. to succeed Hugh Biddle, Jr. of New York. Alexander E. Orr of New York was also elected a director to serve out the unexpired term of Hugh Biddle, Jr. The report of the Board of Directors, as now organized, stands as follows: Sidney Dillon, President; H. H. Porter, Benjamin Brewster, H. E. Bishop, H. M. Paigler, Alexander E. Orr and David Dowd, Jr. of New York; and John De Koven of Chicago, R. R. Cable of Rock Island, Ill., and Geo. Wright of Des Moines, Iowa.

The report of the Board of Directors for the coming year as follows: President, H. H. Porter; Vice-President, H. H. Porter; Secretary, Benjamin Brewster of New York; Second Vice-President, Treasurer and Secretary, Wm. F. Floyd of Chicago; and H. H. Porter, H. M. Paigler, Alexander E. THE STATE UNIVERSITY.
Session of the Board of Curators at Columbia.

By Telegram to the Post-Dispatch.
COLUMBIA, Mo., June 4.—The Board of Curators are in their annual meeting, although a quorum was not present. Those in attendance are: Gen. E. G. Mitchell, Judge B. M. Dille, Hon. G. F. Rothwell, Hon. Gardner Lathrop of Kansas City and Hon. J. H. Hinton of Columbia. The meeting has been looked forward to as one of unusual importance as it was expected that a president would be elected and other business of moment is to be transacted. Other members of the board are expected. Three young men and one young lady of the senior class are expected to be elected to the \$50 gold medal which was founded in 1863 by Hon. J. H. Hinton, then Governor of this place and is annually given to the best orator of the senior class. The annual commencement exercises of Christian College took place this morning and the graduates of the college were given diplomas and stepped out upon the arena of adult life. Mr. Foy delivered the annual address to the graduating class.

THE TELEGRAPHERS' TOURNAMENT.
All the Arrangements Completed, and the Judges Selected—A Large Entry.

The contest between the fast telegraphers of this city has now taken large proportions and for that reason it was found that the Western Union office would not be extensive enough, so the Entertainment Hall at the Exposition was secured. The contest will be commenced at 10 o'clock on Sunday morning and will last about six hours. A number of prizes have been given by private parties in addition to the regular prizes.

The judges will be: Class A—Chas. McNeill, Western Union; L. V. Sharpnack, Republic; George McGinnis, chief operator Postal Co. Class B (ladies' class)—Frank Lewis, Associated Press; A. H. Hutchingson, Postal; E. H. Johnson, Western Union.

Class C (old timers)—L. F. Parmelee, Western Union; F. C. Ritchie, Associated Press; J. F. Gartens, Western Union. Timekeeper, Recorder W. A. Hobbs will give an order for a silk hat to the fastest sender in Class A. Messrs. Seaman, Wyckoff & Benedict have placed a cabinet typewriter at the disposal of the tournament management for use on the occasion.

One of the judges in each class will receive the matter sent on a typewriter.

The Beecher Case.

ST. LOUIS, Wash., June 4.—In the United States District Court yesterday Judge Hand refused to dismiss the celebrated case against ex-Special Customs Agent Beecher of Fort Townsend, son of the late Henry Ward Beecher, upon a report of United States Attorney Winston that he had been authorized by the Department of Justice to enter a nolle in these cases.

SCROFULA

S. S. S.

Scrofula all his Life.

I consider my cure by S. S. S. one of the most wonderful on record. I had the worst type of Scrofula from my infancy until I was 22 years of age. My whole young life was embittered and made miserable by the loathsome disease. I not only suffered from the Scrofula but was so marked that I was ashamed to associate with, and was avoided by my playmates and fellow workers. I tried every known patent medicine, and was first and last attended by more than a dozen reputable physicians, but in spite of all the disease continued to grow worse. About four years ago a friend from Pittsburgh advised me to take S. S. S., which I did, and after taking seven bottles I was cured sound and well. The old skin peeled off and was replaced by a new skin, as smooth and free from blemish as any person's. I have had no return or symptom of the disease.

When an Infant my body broke out all over with an eruption or rash, which became more aggravated as I grew older. From early childhood until I was grown my family spent a fortune trying to cure me of the disease. Every noted physician in our section was tried or consulted. When I came of age I visited Hot Springs, Ark., and was treated there by the best medical men, but was not benefited. After that, under the advice of a noted specialist, I tried the celebrated Clifton Springs, New York, without any good result. When all things had failed I determined to try S. S. S., and in four months was entirely cured. The terrible Eczema was all gone, not a sign left; my general health built up, and I have never had any return of the disease. I have since recommended S. S. S. to a number of friends for skin diseases, eruptions, etc., and have never known of a failure to cure.

"IN MY TENT."

Mrs. Fanning's Mock Military Order to the Other Lady Teachers Elected.

A Meeting to Arrange All the Details of the Trip to Europe.

Miss Rosalie Kaufman Writes to Congratulate the Winners—An Appreciative Teacher Tells the Pleasure the Contest Gave Her, and Describes a Midship in Her Postscript: The Request of a Quaker for a Moment, and the Reason Why It Is Not Necessary.

The three lady teachers who go to Europe on the trip to the Post-Dispatch popular election, Miss M. A. G. Frederick, Mrs. Rose Wright Fanning and Miss C. A. Fitch, have practically agreed to sail together and it can now be positively announced that they will begin their European tour within a short time.

In the statements of Miss Frederick and Miss Fitch, printed yesterday, each lady said she would defer to the wishes of Mrs. Fanning as to the details of the trip. Mrs. Fanning has issued the following order. As has been before stated, Mrs. Fanning's present residence, 608 Chouteau avenue, was Fremont's headquarters during the war. She occupies the room which was the general's study, and among the treasures she shows is a bullet hole in the window glass which has been stopped with a cork. These warlike surroundings have probably led her to issue her call for a meeting in military style. The call is as follows:

THE CALICOUT AVENUE, ST. LOUIS, MO., June 4, 1890.

GEN. FREMONT'S HEADQUARTERS.

Dear Associate Teachers and Heroes of the late war:

Gen. Frederick, Fitch and Boyd, our contest is over. Never again shall we hear of leaders that were in danger of being out-voted each day. No more skirmishing around for ammunition of a special brand for each soldier throughout the whole army.

Think of bullets lavishly thrown—not to destroy opponents, but to save the fighting soldier. Ammunition that increased the number of soldiers, a single where each soldier had his own cartridge box and yet never ran out. Now, that the smoke of battle has cleared away, we find that the condition of the army is such that it is in good condition as before, yet forever to ally—yes, to ally. We intend to commence our campaign on Monday, June 10th, at the senior officer, therefore invite you to meet at the Post-Dispatch office, at 10 o'clock, to arrange matters. Although Gen. A. B. Boyd will not be present, it is hoped that this invitation will not be disregarded. A body guard of friends will be present to accompany you and have been asked to meet with us.

The papers will be conveyed to you by a friend and trusty messenger, Gen. Wright, who will return and return to the Post-Dispatch office.

Yours, as ever, ROSALIE KAUFMAN.

P. S.—A friend who has scanned our faces and scrutinized our lives, Placidatory, I will be hand in the interest of our powerful friend and ally, the Post-Dispatch.

At this meeting all details of the trip will be arranged by the committee, and the time of starting will be fixed.

MISS KAUFMAN'S CONGRATULATIONS.

Among various epistles Mrs. Fanning has received the following from Miss Rosalie Kaufman of the Peabody School, who was well up among the leaders all through the contest.

PEABODY SCHOOL, ST. LOUIS, June 2.

Mrs. Fanning:

DEAR FRIEND—With feelings of joy I write these few lines to congratulate the now popular teacher in St. Louis upon winning the prize trip. Although I am not a candidate, I am sure that you will be able to give me some of the pleasures of the trip. I am sure that you will be able to give me some of the pleasures of the trip. I am sure that you will be able to give me some of the pleasures of the trip.

To the Editor of the Post-Dispatch:

Like Mrs. Fanning I say "May have my ballot." I intend to vote for the Post-Dispatch, through its columns, as to the disposition of the ballots at the end of the election, I am sure that you will be able to give me some of the pleasures of the trip. I am sure that you will be able to give me some of the pleasures of the trip.

It will be a pleasant task to turn them over—none the less a pleasant task. I am sure that you will be able to give me some of the pleasures of the trip. I am sure that you will be able to give me some of the pleasures of the trip.

Regarding the above and other requests for the ballots, this much can be said. They are now on exhibition in the Post-Dispatch office, and will be made and announced.

A DOUBTING THOMAS.

The following letter reached this office today:

St. Louis, Mo., June 2.

To the Editor of the Post-Dispatch:

Several times last week it was impressed on the readers of the Post-Dispatch, through its columns, that it might be an impossibility to publish on Sunday, June 8th, the names of the winners of the contest. I am sure that you will be able to give me some of the pleasures of the trip. I am sure that you will be able to give me some of the pleasures of the trip.

as such in order to prepare all runners in advance, the managers of the following contest depended entirely on the official count of the ballots cast for the lady teachers. Nothing could be done towards determining the winning guesser until the election was over. The count of the ballots was carried on in the most careful and systematic manner, and the result was as follows: The winning guesser was Mrs. Rose Wright Fanning, with 100 votes. The second prize was won by Miss M. A. G. Frederick, with 80 votes. The third prize was won by Miss C. A. Fitch, with 60 votes. The contest was a very successful one, and the ladies who won the prizes are now preparing to sail for Europe.

Don't Miss It.
